A welcoming home away from home for country students.

College life

We strive to provide a safe, secure, and supportive place for your child to live and learn, have fun and feel at home.

All students have their own room, with accommodation and bathroom facilities separated according to gender. Students come together to enjoy meals in the dining room and there are a number of recreational areas and opportunities to socialise.

Outside the college, your child can sign up for sporting and other recreational clubs in the local community. Some students also choose to take on casual employment after school with local businesses.

A healthy mix of learning and fun.

Supervision

Your child will be supervised by qualified professional staff members. They are dedicated to creating a wonderful boarding experience for your child, helping to develop a healthy balance between study and recreation.

Working closely with you and your child's school, supervisors encourage a team approach to the care, wellbeing and school success of your child.

Supervisors facilitate regular study sessions; support students' educational and sporting aspirations; and organise all sorts of recreational, leisure and social activities.

Weekends are relaxed, with plenty of opportunities to leave for sport, shopping, excursions and other fun activities.

Access to quality education and new opportunities.

Recreation and facilities

There is never a shortage of things to do at Merredin Residential College.

Your child will have access to a football oval, basketball and netball courts, an indoor recreation shed and table tennis. The college also features a fully equipped gymnasium, and excursions are offered throughout the year.

Your child can enjoy other recreational activities such as art and music, within the college and in the local community.

Fees

Residential colleges offer exceptional boarding with affordable fees.

Visit education.wa.edu.au/residential-colleges for fees and allowances information.
