

Join our boarding community where everyone belongs.

Location

The college is situated in City Beach approximately 15 minutes from Perth's CBD. It is close to beaches, parks and all the opportunities Perth city provides.

Supervision

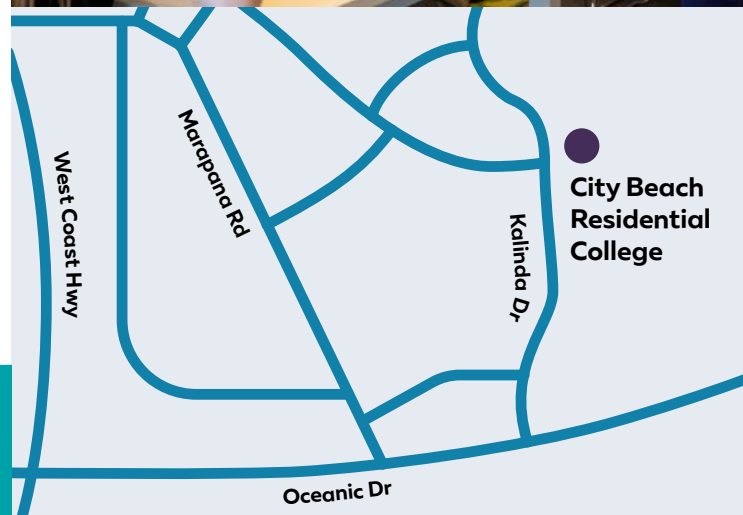

Your child will be supervised by qualified professional staff members. Experienced and qualified staff support your child's learning and personal development throughout the school year. Staff are on-site 24 hours a day to ensure students are well supervised and their needs are met.

The college manager and supervisors work as a team to create a home away from home where students have a successful and memorable boarding experience.

Fees and financial support

Residential colleges offer exceptional boarding with affordable fees.

Visit education.wa.edu.au/residential-colleges for fees and allowances information.

City Beach Residential College

Boarding for
Gifted and Talented programs

Your child can live in a residential college that nurtures their gift and extends their talent.

Boarding for students

City Beach Residential College provides boarding specifically designed for country students who are offered a placement in a Gifted and Talented Secondary Selective Entrance program.

The college provides boarding for up to 60 students who attend any school under the Gifted and Talented program. Any student who lives at least 90 minutes from the City Beach Residential College by travel or public transport is eligible to enrol at the college.

Your child will be supported to foster their confidence and independence while pursuing their passion for learning and extending their talent.

They will also have the opportunity to develop a wide circle of like-minded friends who will support and encourage them through their challenging and fulfilling program.

Your child can experience all that Perth has to offer while living close to bushland and the ocean.

Accommodation and facilities

Your child can enjoy modern and comfortable accommodation in a bushland setting. They will live in one of the college's 10 townhouses, sharing with up to 6 other students of the same gender and similar age.

Each townhouse has six large bedrooms, a lounge room, three bathrooms, kitchenette and unlimited wireless internet connection.

All bedrooms are furnished with a long single bed, study desk, wardrobe and split system air-conditioning.

Whilst at the college, your child will have access to an indoor sports hall, sporting ovals, indoor recreation and games room, gymnasium, basketball court, dedicated private tutoring/study spaces, acoustically designed and insulated music rooms, and much more.

A healthy balance between study and recreation is promoted so your child enjoys life as a boarder.

Study

Your child's education is supported by compulsory study times that align with the recommendations of their school.

Year 7 to 9 students have access to a tutor and are supervised during their study periods.

Year 10 to 12 students are offered both tutoring and study skills sessions in the lead-up to exams to complement their outstanding education.

Recreation

The college offers a wide variety of recreational activities during the week and at weekends. These activities are run at the college and off-site.

While at the college, your child is encouraged to continue sport and social clubs they have enjoyed while at home. Supervisors can support transporting students to and from their sporting or social clubs.
