What is myfuture?

myfuture is Australia's National Career Information Service. It provides online resources to explore career pathways and tools to develop self-knowledge for career decision-making.

myfuture encourages students to consider how their interests, values and skills relate to a wide range of career pathways. It provides a complete and unbiased picture of opportunities, by showcasing both higher education and vocational education and training (VET) courses.

Resources are designed to support three key audiences:

Students

Complete the short *My career profile* activities to identify students' interests, skills and values and generate a list of suggested occupations, or use the *Career bullseyes* to discover occupations related to school learning areas. Open up new possibilities by researching industries, occupations and courses and by exploring career stories shared by young people and articles contributed by experts. Save and revisit favourite content and activity results.

Teachers and career practitioners

A special section of the site contains resources to support teachers and career practitioners. It includes video libraries, resources to embed career learning across the curriculum, myfuture's recent webinars, newsletters and *Insights* papers, and a range of high-quality content and resources written by career development and education experts.

Parents and carers

The earliest and often the most powerful learning about careers is shaped by the adults in a child's life. The resources curated in the *Parents and carers* section of myfuture are designed to assist these key influencers to begin the conversation with their child about the world of work.

How to access myfuture

myfuture is funded by Australian state and territory governments.

Visit www.myfuture.edu.au to sign up for a free account and check the box to receive up-to-date career information via email.
