

Parent Testimonial.

The Richards family had 3 boys attend Moora Residential College over approximately 11 years. Her words confirm the culture we try to instil at our College.

It was the hardest decision of our lives, sending our 12/13 year old children off to a boarding facility for their education. The tears from child and Mum alike. The party from Dad 😊. Trusting strangers to take over our parental roles for the next 5/6 years. The realisation that the day they entered the hostel was the day they left home 😞. But then, the strangers were no more.

(Thank you to the Manager, the Senior Supervisor, the Supervisors and the Administration Officers who all made such a difference to our children's lives and were so helpful in every way.) [summarised]

The invisibles, the ones we don't see.

Cooks, cleaners, gardeners.

You're all legends.

Once strangers, now friends.

Eleven years, we have done the journey back and forth to Moora Residential College.

That has now come to an end.

Yes, it was the hardest decision.

It was also the best.

Thankyou all. ❤️
