### List of school groups (A, B, C, D, E)

**Purpose:**

This document describes the different groups of government schools whose principals have been delegated or sub-delegated authority to exercise specific powers or functions in the *School Education Act 1999*.

**Scope:**

The list applies to principals of the particular government schools identified in each group and provides the framework by which assignment of delegated or sub-delegated authority has been conferred specifically to that group of schools. The list does not apply where delegated or sub delegated authority has been conferred generally to principals of all government schools.

**Objective:**

The objective of grouping schools is to clearly define the office holders named in the *School Education Act 1999* who are able to exercise a specific delegated or sub-delegated power or function for internal consistency of decision making and to avoid confusion about who is accountable.
