1 POLICY SUPPORTED

Curriculum, Assessment and Reporting in Public Schools policy

2 SCOPE

These procedures apply to principals and teaching staff in public schools.

3 PROCEDURES

Principals and teaching staff must deliver a curriculum:

- to all Kindergarten to Year 10 students that addresses their specific learning needs and is consistent with the requirements of the Western Australian Curriculum and Assessment Outline
- to all Years 11 and 12 students that addresses their specific learning needs, and is consistent with the requirements of the Western Australian Certificate of Education Manual
- that provides all students from Kindergarten to the end of the primary school years with at least fifty per cent of curriculum instruction in literacy and numeracy
- that provides all students from Kindergarten to Year 10 with at least two hours of physical activity each week, during the school day, as part of the school's structured teaching and learning program.

Guidance

The School Curriculum and Standards Authority is responsible for Kindergarten to Year 12 curriculum, assessment, standards and reporting for all Western Australian Schools. Schools must meet the requirements of the Authority in delivering curriculum to their students.

Further information is available on the Department's requirements that all students from Kindergarten to the end of the primary school years are provided with at least fifty percent of curriculum instruction in literacy and numeracy and two hours of physical activity each week.

3.1 ASSESSMENT AND REPORTING

Principals, in consultation with teaching staff, must develop school-based assessment and reporting plans, that:

- comply with the requirements of the School Curriculum and Standards Authority for students in Pre-primary to Year 10
- specify how principals and teachers will report achievement of each student from Kindergarten to Year 12 at the end of each semester
- mandate the use of the Department endorsed reporting templates for Pre-primary to Year 10, to ensure
 - Reporting is at the learning area level only, with the exception of English and mathematics for Pre-Primary to Year 6, where strand level reporting is also permitted.
 - The only written comment is an overall comment that:
 - for Pre-primary to Year 6, is limited to 1,000 characters and includes information on the student's learning in English and mathematics
 - for Years 7 to 10, is limited to 600 characters.

- for senior secondary, includes processes for the monitoring, recording and reporting of enrolment and achievement data consistent with the requirements of School Curriculum and Standards Authority
- specify how parent and teacher meetings, to discuss student progress and achievement, will be scheduled through the application of the Configuration of the School Day in Public Schools procedures.

Principals will approve the final content of the school-based assessment and reporting plan.

Guidance

In Western Australia, the School Curriculum and Standards Authority is responsible for setting the standards of student achievement, and for the assessment and certification of student achievement according to those standards.

The Configuration of the School Day in Public Schools procedures provides the mechanism to make temporary changes to the school day for parent and teacher meetings.

When it is identified that there is an issue with a student's progress and achievement, parents/carers should be informed in a timely manner. Semester reports should not be the first time concerns about a student's progress and achievement are communicated to their parents/carers.

Information that may have been included in the previously mandated Pre-primary to Year 10 template should not be replicated in other reporting formats.

While the Department-endorsed reporting template is mandatory for Pre-primary to Year 10, the use of the Kindergarten, Year 11 and 12, and Special Education Needs reporting templates is optional. Teacher workload is an important consideration when determining how to use the optional templates.

Reporting for students undertaking a modified teaching and learning program must be linked to their documented plan (staff only).

For students whom English is an additional language or dialect (EALD), and require a modified curriculum, achievement should be reported using the EALD Progress Map. Consistent with Pre-primary to Year 10 reporting requirements, the only written report comment to be provided for EALD students is the overall comment.
