### False alarms and microwaves

Do not leave Microwaves unattended and read the labels when reheating food.

Last week our fire alarms were set off when students cooked party pies to charcoal. A list of expected heating times have been added to each microwave.

### Dear parents, carers, staff and students

Congratulations to all our students who attended the School Ball on Saturday night. Everyone looked stunning and very grown up. Photos will be available over the next few weeks.

This Friday night, dinner will be provided at the foreshore as we want all our students to have the opportunity to see the free drone light show. First Lights– Boodja Dwordak Wirn.

This spectacular cultural event will feature 160 drones creating a light show over the bay.

The drones will lift off from the James St pier just after 7pm on both evenings and will be visible from the Kepa Kurl (Esperance) Foreshore. The second performance on 13 May will also be live streamed on the First Lights website (<https://firstlights.com.au/>). See attachment.

**Students at Thursday afternoon's games day – play pass the parcel and “spot the supervisor”**
