APPENDIX A: Decision making flowchart: Planning activities in public schools

All on-school site and off-school site recreation and outdoor education activities must meet the requirements outlined in the <u>2021 Recreation and Outdoor Education</u>
<u>Activities for Public Schools Procedures</u>. Any off-school site recreation and outdoor education activity will require approval in accordance with the Excursions in Public Schools Procedures.

All recreation and outdoor education activities must comply with the General Requirements within the *Recreation* and *Outdoor Education Activities for Public Schools Procedures*. In addition to the General Requirements, activity specific mandates also apply to the 15 activities listed in the procedures.
