Special Note – Students Claimed Rates Exceeding 100%

Schools may report claim rates exceeding 100% due to changes in student enrolment numbers occurring after the February Census. Additionally, there is a business rule where a school name is excluded from the validation process because all other student information has been confirmed as accurate. Consequently, claim rates exceeding 100% should not necessarily be interpreted as an error or discrepancy but considered in the context of subsequent enrolment changes and validation outcomes.
