1. Policy statement

The hours of instruction provided to students comply with the requirements of legislation and industrial agreements.

2. Policy rules

Principals will:

- configure the school day to ensure the minimum hours of instruction are responsive to student needs and the context of the school community
- communicate relevant and accurate information about school hours to the school community
- manage the configuration of the school day in accordance with the Configuration of the School Day in Public Schools procedures.

Guidance

The minimum hours of instruction for students, exclusive of recess or lunch times, are set by the *School Education Regulations 2000*. The minimum hours of instruction for students are not the same as the minimum hours of face-to-face teaching time for teachers.

The minimum hours of instruction:

- Kindergarten: an average of 15 hours a week during each 2 week period in which the school is open for instruction with the delivery model determined by the principal (link for internal staff use only)

Pre-primary to Year 12:

- a minimum 25 hours and 50 minutes during each week in which the school is open for instruction as determined by the principal
- a minimum 4 hours and 10 minutes during each day on which the school is open for instruction as determined by the principal.

Schools are not open for instruction on proclaimed Western Australian public holidays if they fall in a school term. A public holiday reduces the hours of instruction for students in that week. Part-time Kindergarten students who are timetabled to attend on a public holiday do not attend on that day and are not expected to attend on an alternative day.

3. Responsibility for implementation and compliance

Implementation of the policy is the responsibility of the principal.

Compliance monitoring is the responsibility of line managers.

4. Scope

This policy applies to all principals in public schools and directors of education.
